

"Magnificent! This seminar has changed the whole way I parent my kids!"  
"So practical. I'm ready to work on my kids."  
"Hearts using these new strategies."

# Parenting Work Sanity Your and Keeping Consequences, Cooperation,

**Bring This Live Parenting Seminar to Your Church!**

- Reach out to your community by offering a parenting seminar.
- Receive engaging, practical, biblical, relevant material for parents of children ages 2-18.
- Trained presenters are conveniently located around the country with one likely near you.
- The cost is reasonable fitting into most any church's budget.
- Most importantly, parents are equipped with tools to put into practice right away.

You will find more information including a Seminar Request Form at [biblicalparenting.org/  
cooperationseminar](http://biblicalparenting.org/cooperationseminar) or call

# Reach Out to Your Community With a Live Parenting Seminar

## Here's what it looks like:

Typically offered on a Saturday from 9:00 am to 2:30 pm. The following sessions are taught.

### Session #1 – Teaching Kids to Listen and Follow Instructions

Parents often become frustrated because their kids don't listen. In this session we take apart the instruction process and point out five steps for children ages 2 to 18. Parents learn how to teach cooperation and responsibility in this practical session.

### Session #2 – Correction Ideas that Touch the Heart

The goal of discipline is a changed heart. This session gives parents several hands-on tools to use when children need to be corrected. A change of heart is defined in practical terms and parents go away with a plan to use seven categories of consequences to motivate heart change in their kids. The underlying principle taught is that behavior modification is not enough. Parents must keep an eye on the heart.

### Session #3 – Ending Discipline Times with Impact

Parents often don't know how to end discipline in a constructive way. This session explains a routine for helping children process correction and learn from the experience. Teaching children about repentance and forgiveness are heart gifts discussed here. This tool is especially helpful for children who blame others or have a victim mentality.

## Overview

You can host the **Cooperation, Consequences, and Keeping Your Sanity** seminar at your church. The creative teaching style and powerful strategies shared provide parents with practical tools they can use right away. They'll learn specific ways that parents can move from simple behavior modification to a heart-based approach to parenting. Children's program curriculum is available that enables you to teach kids things that complement what the parents are learning. Each adult participant receives a Parent Manual (retail \$9.99). You receive several promotional tools including a 74-page outreach manual.

## Cost

The cost is \$350 Booking and Support fee (payable to NCBP to confirm the seminar) plus \$15 per adult attendee (payable to the Presenter at the conclusion of the seminar). There's a minimum guarantee of \$750 to the Presenter (50 attendees). We suggest you charge \$20 per person to make sure you cover your minimum guarantee, and maybe end up with a little extra to cover administrative costs. We also would ask you to pay the Presenter's travel expenses, which are likely minimal, since we have trained presenters throughout the country.

## We provide you with:

- An individualized flier that you can reproduce
- Several colorful 11x17 posters
- A 1-minute commercial to promote the seminar in your worship service
- A complete children's program curriculum that you can run with the kids at the same time the parents are in the seminar
- A 74-page manual called **How to Run A Community Outreach Using Parenting Seminars**
- Suggested follow-up materials to keep relationships growing

The seminar is creative with interaction and several opportunities for parents to make specific application to their own families. The seminar ends by talking about God's desire to touch the hearts of parents, not just their kids. Parents leave encouraged, armed with lots of practical strategies and a new vision for touching the hearts of their children.
